The Organizing Committee,
Canadian Undergraduate Physics Conference (CUPC) 2018,
University of Alberta

To whom it may concern

This is to support the application for travel funds of Nikolay Videnov, an undergraduate researcher at University of Waterloo to attend the Canadian Undergraduate Physics Conference at the University of Alberta. Nikolay has been working in my research group for over a year, including three terms (with the last term ongoing) as a co-op student. He has made substantial progress in research, which he intends to share with his peers at the CUPC. As Nikolay's advisor, I will provide him with a financial support of up to \$500 from my research grants.

I request the organizers to grant his application for the funds necessary to attend the conference.

Sincerely,
